## Information Technology Policy

### Policy 670-05: Intrusion Detection/Prevention

#### **OBJECTIVE:**

Establish the responsibilities for the deployment of intrusion detection and prevention capabilities on State of Alabama computer and network resources.

#### **SCOPE:**

This policy applies to all State of Alabama networks and application servers.

#### **RESPONSIBILITIES:**

State of Alabama organizations shall, in accordance with applicable standards, position intrusion detection and/or prevention capabilities on networks and application servers commensurate with classification and criticality of data processed based on level of risk to unauthorized access.

Information Services Division (ISD) of the Department of Finance shall provide a list of approved intrusion detection and prevention products for State of Alabama organizations to reference for purchase. Organizations shall adhere to the approved products list for standardization.

#### **ENFORCEMENT:**

Refer to Information Technology Policy 600-00: Information Security.
